## Horowitz Horror

This book is a good read for fans of Anthony Horowitz. It is weird and mysterious at the same time. If you really like horror, you will enjoy this series of books.

## Diamond Brother Detectives

These books are hilarious! Tim is probably the worst detective in the world. He gets a package to guard and every crook in town is suddenly out to get him. His brother Nick is his assistant and they go from disaster to even bigger disaster. The Falcon's Malteser is the first book in the series.

## Alex Rider (Series)

Alex Rider is a normal boy until one day his uncle dies and he gets a message from a secret organization named MI6. They ask him to join a spy team. In the book, Storm Breaker he is sent in undercover to infiltrate the mastermind of a machine.

I give this book a rating of 8/10

Rating system 1 = The worst book you have ever read. 10 = The best book you have ever read.

In book two, Point Blanc, Alex is sent to a big boarding school. There is a plot to clone every single boy in the school.

This year the Book Group plans to release an Awesome Author every week and our main goal is to get boys to recommend books to each other. We hope to get *everyone* reading!
